

## Fagowees of the Month

The Fagowees of the month consist of a group of talented individuals that demonstrated their skills on the Seven Springs bus trip last month. We want to congratulate:

**Bruce Vinicky** -for his outstanding ability at directing traffic in the Seven Springs parking lot while our bus was stranded with no place to go. He also spoke to any PA police officer who was in the neighborhood with hopes of getting our bus moving back to Cleveland a little faster. Bruce went through several pairs of borrowed socks too, and his shoes were soaking wet (he forgot his boots) by the end of the night. Yet he weathered the storm and continued to direct traffic, shovel snow, and contact the authorities until we finally arrived back home. Always pack extra socks!!!

**Tom Cotter** -for all his efforts in shoveling snow, pushing stranded cars out of our way, and enduring the cold for hours as the snow continued to pile up on that mound of red hair.

**Dave Hiner** - for all his sweat and muscle that he put forth in shoveling snow and assistance as we eventually were able to get the bus unstuck using lots salt and plenty of muscle.

**Rich Jaegers** -for his assistance that he provided to the Fagowees and the other frustrated people who were stuck and stranded in the parking just like us. Rich became so involved that he walked all the way to the top of the hill and we had to pick him up as the bus finally got moving!

**Jay Smith** -for all of his hard work in pushing, shoveling, salting, and assisting as we all sat on a warm bus while these men withstood the cold blustery weather.

Please see the Seven Springs write -up for the rest of the story.
